

All that's Yellow is not Cottolene

There's hardly a housekeeper in the country but has heard of Cottolene the new vegetable-lardening. It is a strictly natural product; composed only of clarified cotton seed oil, thickened for convenience in use, with refined beef suet, pure and sweet. So composed,

COTTOLENE

Was bound to win, and to drive out lard from the kitchens of the world. When housekeepers wish to get rid of the unpleasant features and results of lard, they should get Cottolene, taking care that they are not given cheap imitations with vegetable names, spurious compounded to sell in the place of Cottolene.

It's easy to avoid disappointment and ensure satisfaction. Insist on having Cottolene.

SCRIPTURE STUDIES.

HOW THE INTERNATIONAL SUNDAY SCHOOL LESSONS ARE SELECTED.

A Committee of Fifteen met in Philadelphia recently to choose the Course for 1894-1895 in Sunday School History. Work of the Woods and Abroad.

Dr. Robert Dilke, the humble English painter whose Sunday school, started in Gloucester 100 and more years ago, were the first to attract general attention, could have been privileged to be in Philadelphia the other day when the committee to select the international lessons for 1894-1895 in session there, his amazement at doubtless would have passed his powers of expression.

The committee numbered 15, all men of the highest standing among the world's Sunday school workers, and their deliberations had to do with the direction of the study of the Bible by fully 20,000,000 persons. Not less sur-

prised was the committee to learn that the two Canadian men—Rev. Dr. John Potts of the Victoria University at Toronto, and Rev. S. H. Blaikie, a Dominion lawyer, of the 15 the others a like or less dozen in number, were chosen of the members founded by the American rebels. Who slight for 1894-1895 has been chosen? Last Oct. 17th the date of the first lesson is as follows, a date to be known to all:—

Rev. A. E. Dunning, Rev. J. H. Vincent, mission, to Dr. Pitt's proposal that the magnitude of the work and the character of the men engaged upon it would have been the fact that none came nearer to being an Englishman than the two Canadian men—Rev. Dr. John Potts of the Victoria University at Toronto, and Rev. S. H. They're going to Pieces both the women who wash, and the things that are washed, in the old-fashioned way. That constant rub, rub, rub, over the washboard does the business. Hard rubbing is hard work. Hard rubbing wears out the clothes: hard work wears out the women.

There's nothing of the kind, if you'll let Pearline do the washing. All you'll have to do, then, is to look after it. It'll save all this work and rubbing that does so much harm. But, because Pearline makes washing easy, you needn't be afraid that it isn't safe. That idea is worn out. Just as your clothes will be, unless you use Pearline.

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled. If your grocer sends you an imitation, be honest—send it back.

ONYX MUSERY!

ON THE 15TH of October, 1851, a large number of persons gathered at the residence of Mr. John E. Adams, 100 North Main street, to witness the exhibition of a fine specimen of Onyx, which had been recently obtained by Mr. Adams. The Onyx was a large, flat, rectangular block, about 18 inches long and 12 inches wide, and was of a dark, reddish-brown color, with a fine, polished surface. It was mounted on a wooden stand, and was surrounded by a number of persons who were examining it closely. The Onyx was said to be of great value, and was highly prized by the collector.

Mr. Adams, the collector, is a man of great knowledge and experience in the field of mineralogy, and has collected a large number of specimens, many of which are of great interest and value.

The Onyx was exhibited for a short time, and then was returned to Mr. Adams, who has since sold it to a collector in New York.

Sales Satisfactory

Our aim always has been and always will be to give our customers as honest dollar's worth of goods for \$1. We never have advertised "Cheap Jobs" goods at "Cheap Jobs" prices, believing that the people of Middle town are willing to pay for what they get. If you wish cheap carpets we have them; we also have the same. If you wish cheap curtains we have them, we also have you a brace of curtains on this page with every pair of curtains. We will not limit you to the time.

Our store will be open from 7 a. m. to 8:30 p. m. each day, and we are always glad to show goods. We have special sales times in most every department and prices are way down. Our spring stock throughout has been selected with the greatest care, and we want your money in exchange for the goods. Come and see us.

The old fashioned way is, make them yourself. Then your label on them means something. That's the way we do. The other way is to buy them "factory made," and slap your label on. You might as well endorse a note without seeing the face of it! For instance, when we say our Best, Wine and Iron is as good as it is possible to make it, it's because we KNOW it is so. Why, the wine (imported Sherry) in it alone costs more than the labeled product of some other brands. The same with our Emulsion of Cod Liver Oil. It's a true Emulsion—NOT A SOAP—and the oil is the finest obtainable and is just the condition to be readily taken by a delicate stomach. Then our Barnaparin, "Mother's Tea." We make it—make it from the actual crude drugs. We could buy something for less money, but the quality would be lacking. If we say IT'S GUARANTEED, IT IS GUARANTEED with a record of 20 years to back it up.
